

FALL 2024

Fall Newsletter

Lifeline Partnership has had a fantastic summer and start to the fall season full of amazing events. This newsletter highlights what we have done and what is to come for the Lifeline!

The Daily Digest

Lifeline Partnership has been busy ramping up our outreach with local agencies, schools, and agencies to obtain partnerships in programming along with volunteers. We have grown exponentially within the past 2 years and our focus is on providing excellent programming along with having the necessary volunteers to bring our plans to fruition.

You will see in the newsletter that Lifeline has been busy and having a great time doing so.

Past Events

Cheers to 70 Years

We celebrated 70 years of Lifeline Partnership this July! We enjoyed food, treats, games, and dancing. It was exciting seeing our community come together to celebrate our accomplishments.

Social Media Group

We have continued our social media group this summer. Attendees have continued to learn about internet safety, social media literacy, and taking breaks from technology. We have fun each week learning and playing Jeopardy!

Past Events

Board Appreciation

We celebrated our incredible board with a Christmas in July themed celebration. We had themed treats, games, and crafts! We appreciate all our board does for the organization & the people we support.

Summer Picnic

We couldn't have asked for better weather or a better group of people to spend the afternoon with. All delved into the final summer hurrah with activities, music, and food.

Intern Farewell

Lifeline Partnership wished a bittersweet farewell to our 2 amazing Event, Social Media, and Marketing Summer Interns, Alex Loux and Jane Pinsky. Thank you Alex and Jane for everything you accomplished this summer! We hope you have a great school year and look forward to seeing you at future Lifeline events!

Voter Education

Lifeline and DC Project ACTION! along with the League of Women Voters and the DC Board of Elections registered attendees to vote, provided information about the voting process, educated attendees about voting accommodations, and distributed information about the presidential and state candidates and their disability advocacy.

Harvest Festival

Lifeline Partnership's Harvest Festival was a smashing success! We could not have done this event on such a grand scale without our generous sponsors. The afternoon was filled with games, pumpkin decorating, arts and crafts, balloon art, face painting, raffles, smiles, and so much more!

Halloween Dance

A "spooktacular" time was had at our Halloween dance. There were plenty of costumes, games, music, and dancing. Our costume contest winners were awarded to Cruella and her two Dalmation puppies. DJ Buck 50 was amazed with our communities energy, musicality, and dance moves.

Development

Lifeline continues with our fundraising efforts, which help us put on our incredible events and encourage the growth and friendship among teens and adults with developmental disabilities in our community. We appreciate your continued support and are grateful for your ongoing generosity that is necessary to support our immense growth in attendance this past season.

Lifeline has received grant monies to continue with our Healthy Body Cooking classes that will begin January 2025. We are eager to bring this much needed skill and body mindfulness to our constituents.

Lifeline has submitted a grant proposal to assist with the expansion of our Faith and Friends community-based spiritual programming.

Thank you again for all you have and continue to do for Lifeline Partnership and the people we support
Mary
